Dear Hallway Heroes,

Whitney Elementary School would like to thank you from our hearts for bringing the Chicken Soup for the Soul and Hallway Heroes program to our school.

We targeted second grade students for this program and the students enjoyed every minute of the lessons. The format opened up many healthy dialogues between the students, the students and their teacher and the students and myself, the school counselor. The stories in your book allowed the children to give their own daily struggles a voice for which they were able to then begin the healing process.

Being selected to participate in the Hidden Heroes segment was exciting beyond words. The students took to the task with enthusiasm and determination to do the best they could. And they did!

Being an at risk school our kids face many obstacles; academically, behaviorally, and socially. This program addressed all of those issues. Thank you for the opportunity you have given our little school. We know that any school that chooses to use this program will find success in it's implementation.

Sincerely,

A handwritten signature in cursive script that reads "Vicki Bustos".

Vicki Bustos

School Counselor
